METER FISHING TACKLE® COLOR CHART

A selection of colors as diverse as the water fish are found in.

Some waters are bright; others dark, some are muddy while others are crystal clear. No matter where a fisherman drops his line, there's a Meter Tackle color that will make their day a success.

WALLEYE KILLER ■

This lure is especially designed for the walleye fisherman, however, it is as deadly for northern pike. It is most effective when trolled slow and deep with a minnow, leech or night crawler. By sliding the spring above the hook upward, the hook may be changed to a different size.

3" SINGLE TAIL GRUB ■

The fluttering, undulating tail calls fish with sight and vibration. Lots of ways to jig them. The 3" and 2" twirl tail grub's size and action, makes it deadly on bass, large panfish, walleye, and other gamefish. Package Bulk, 10 per box, or 25 per bag.

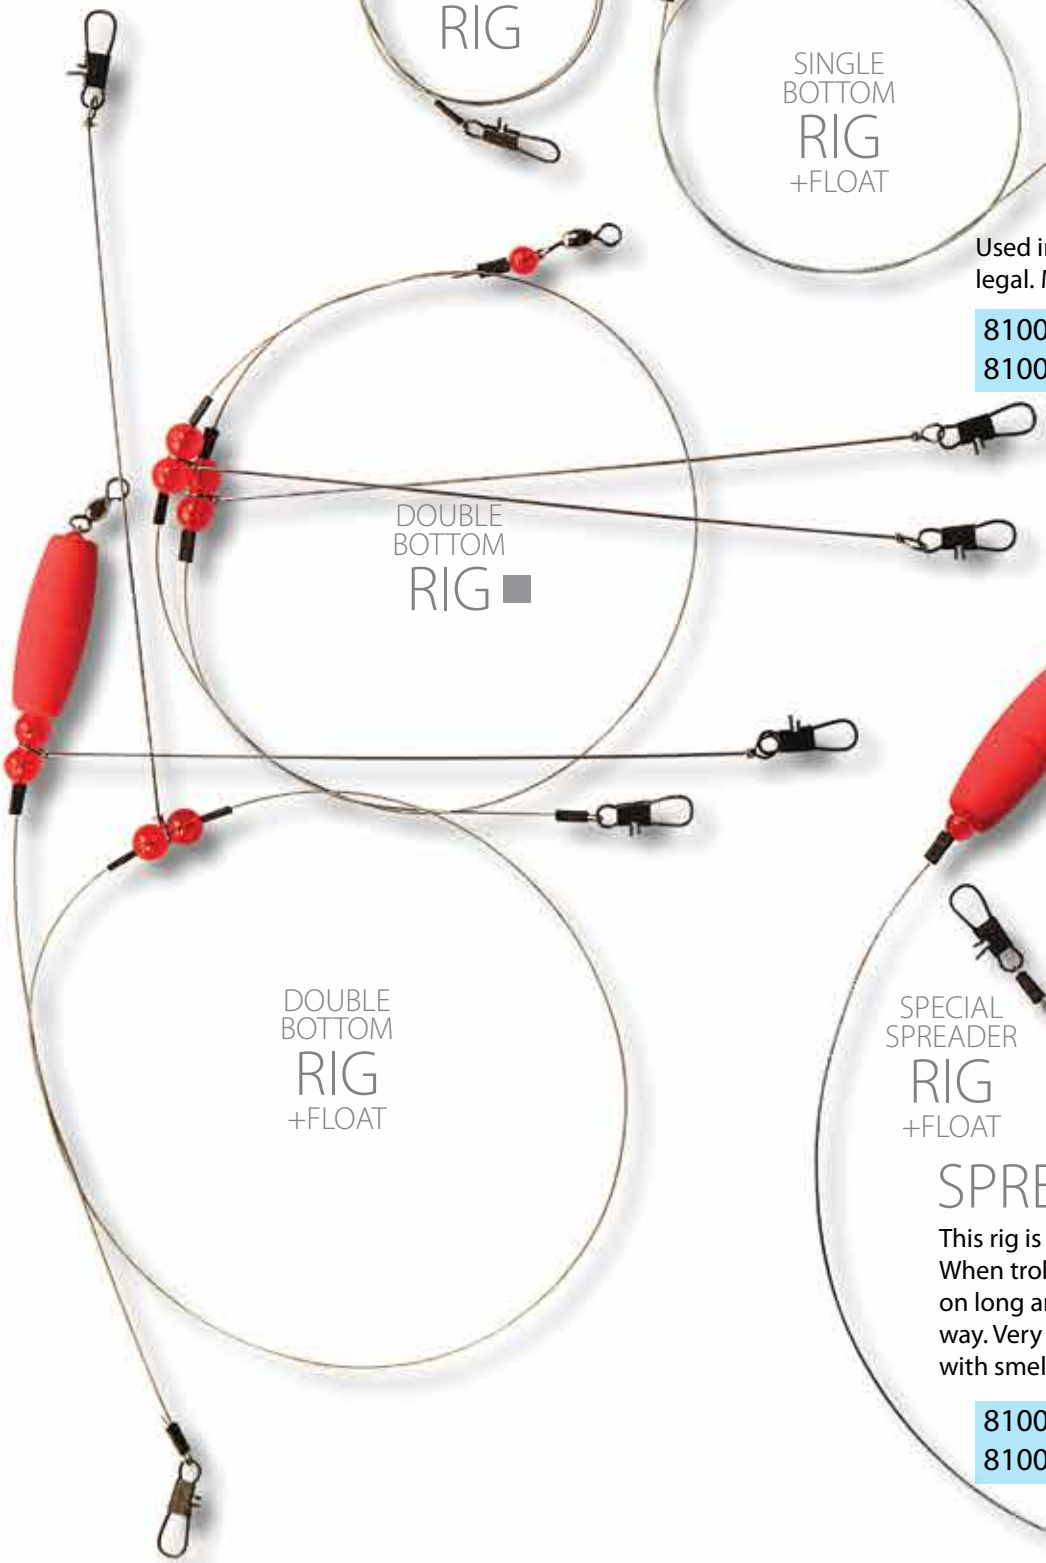
SINGLE RIGS

Also available with Fluorescent Float. Sinker takes to bottom, float holds rig upright. Used for trolling or still fishing. Individually packaged.

81005 Single Bottom Rig
81006 Single Bottom Rig with Float



DOUBLE RIGS

Used in all states where two or more hooks are legal. Made with 30 lb. test steelon.

81008 Double Bottom Rig
81007 Double Bottom Rig with Float

SPREADER RIGS

This rig is for trolling or shore fishing. When trolling use weight on short arm and bait on long arm. For shore fishing set up opposite way. Very popular for northerns in early spring with smelt bait. Made with 30 lb steelon.

MINNOW
TURN

For Bait:
Use 6 inch leader with a hook on shorter side. Put small cork on your line 18 inches above rig. Use desired weight to lower to bottom. Cork will hold rig in upright position.

For Trolling:
Use 18 to 24 inch leader with lure on shorter end and desired weight to long end. Rigid L shape keeps lure and weight from tangling in or out of the water.

FISHING IS GREAT. CATCHING IS BETTER.

BOTTOM RIGS

BEADED BULLHEAD RIGS

The long and short leaders are free and independent of each other. The beads and extra swivel gives it a better tangle free Rig. It is best to put the hook on the short leader and the sinker on the long leader when fishing for Catfish or Bullheads. When trolling, reverse the hook and sinker. This item is made of 30 lb test steelon material. 1 per bag or 24 per ring

10469 Beaded Bullhead Rig 1 per bag
10131 Beaded Bullhead Rig Bulk

BOTTOM BOBBER

This is indeed a unique rig, never been anything like it before. It is used for game and pan fish, for bullheads and catfish. Put sinker on long arm and bait on short arm of bottom bobber rig. Cast from shore, out of boat or off a dock. Sinker takes bottom bobber rig to the bottom, built in float holds rig upright. Fish with a slightly slack line. On retrieving, float causes rig to rise as line is tightened, thus bait comes in free from snags.

10140
Bottom Bobber
1 per bag

BULLHEAD & CATFISH RIGS

The all newly designed combination trolling, catfish and bullhead rig is of two separate leader construction. The long and short leaders are free and independent of each other. This item is made from 30 lb. steelon material. Individually carded. 2 per bag or 24 per ring

10468 Bullhead Rig 2 per bag
10130 Bullhead Rig Bulk

CRAPPIE RIGS ■

Has two free-swinging arms with snelled hooks that allow minnows to swim naturally without touching the line. Bottom snaps allows for easy attachment of sinkers. 1 per bag
